

School Community Council Meeting Notes: April 20, 2021

2:15-2:20 pm Notes Approval from Prior Meeting

Tracy Snapp motions to approve past notes. Seconded by Debbie Rowe. Notes Approved.

2:19 pm-2:25pm Update about School Plan for 2021-22 Year

State will be putting the approved school plans on a website and then each member of the council will be sent an electronic signature for approval of our school plan. Graduated approach to chromebook replacements. There were no further questions from council members about the school plan.

2:26-2:35pm Approval of the safe walking route for 2021-22

Document of safe walking routes divides students into groups based on location and then illustrates and describes the safest routes. Safe routes are designated in green lines. Council discussed various issues with traffic flow during drop off and pickup. Administration agrees to continue to use school newsletter to pass on reminders to parents about pulling forward and correct procedures for drop off. Could students be assigned a dropoff zone? A particular plan for next year would be brought to the council for approval and help communicating with parents. Current safe routes plan available on <http://mjhs.nebo.edu/content/school-information> or download [here](#).

2:35-2:47pm End of year plans

Lagoon has been cancelled for this year. This leaves an opening for a different school activity. We are going to have an end of year 9th grade day treat after their ACT test and then something for the whole school. We have some at risk money to have a tracker come in and work with students on Ingenuity for credit recovery. How do we motivate students that have F grades to come recover credits during the summer. Landmark gives a two term in one term schedule so we have 2 in a term to send students to Landmark. Ingenuity can be done online if the student will complete it.

2:52 pm End of Meeting

Motion to dismiss meeting by Tracy Snapp, seconded by Misty Wright. Council is dismissed for the school year.
