

School Community Council Meeting Notes: November 16, 2020

2:00 pm New Principal Introduction

Jolynn Ford has an opportunity to introduce herself to the council.

2: 10pm Past Minutes Reviewed

Meeting Begins and past meetings minutes are reviewed.

2:15pm Minutes approved

Tracy Snapp proposes that Oct 20 minutes be approved. Mr. Bennett Hagen seconds.

2:25pm Student Learning and Curriculum Team Presentation ([Presentation slides](#))

The SL&C team presented how they have helped Mapleton Jr. move towards its goals, undergo accreditation, and support teachers during this move to a blended curriculum. Teacher support groups were created to help teachers deal with online learning stresses. We are piloting a peer coaching program to increase support and collaboration amongst faculty.

2:50pm Community Concerns

Mr. Moss moves to the last items of agenda. Safe walking route is updated and reviewed. 2000N is mentioned as a possible problem. City still plans on replacing 20mph School Zone signs with Flashing Crosswalk signs. Follow up on a proposal that we grow the school community council. Mr. Moss has a rules clarification. To increase the amount of parents on community council, we must vote and then have it approved for the next election cycle. Some debate about whether to go to the trouble of expanding size if parents aren't wanting to participate. Some discussion about having more parents come share their voices without joining the council, but attending the meeting. Working solution for now is to advertise more specifically about what each meeting will address to help encourage more parent attendance. Travis Moss will share meeting goals with Nate Whitney to put in a weekly newsletter.

3:00pm Important Dates/End of Meeting

Next meeting is moved to January

Mid Term is November 24th.

Parent Teacher Conferences are December 3rd.

Tracy motions to dismiss and Debbie Rowe seconds. Meeting is dismissed.
